Shrapnel of the Interstellar Sys

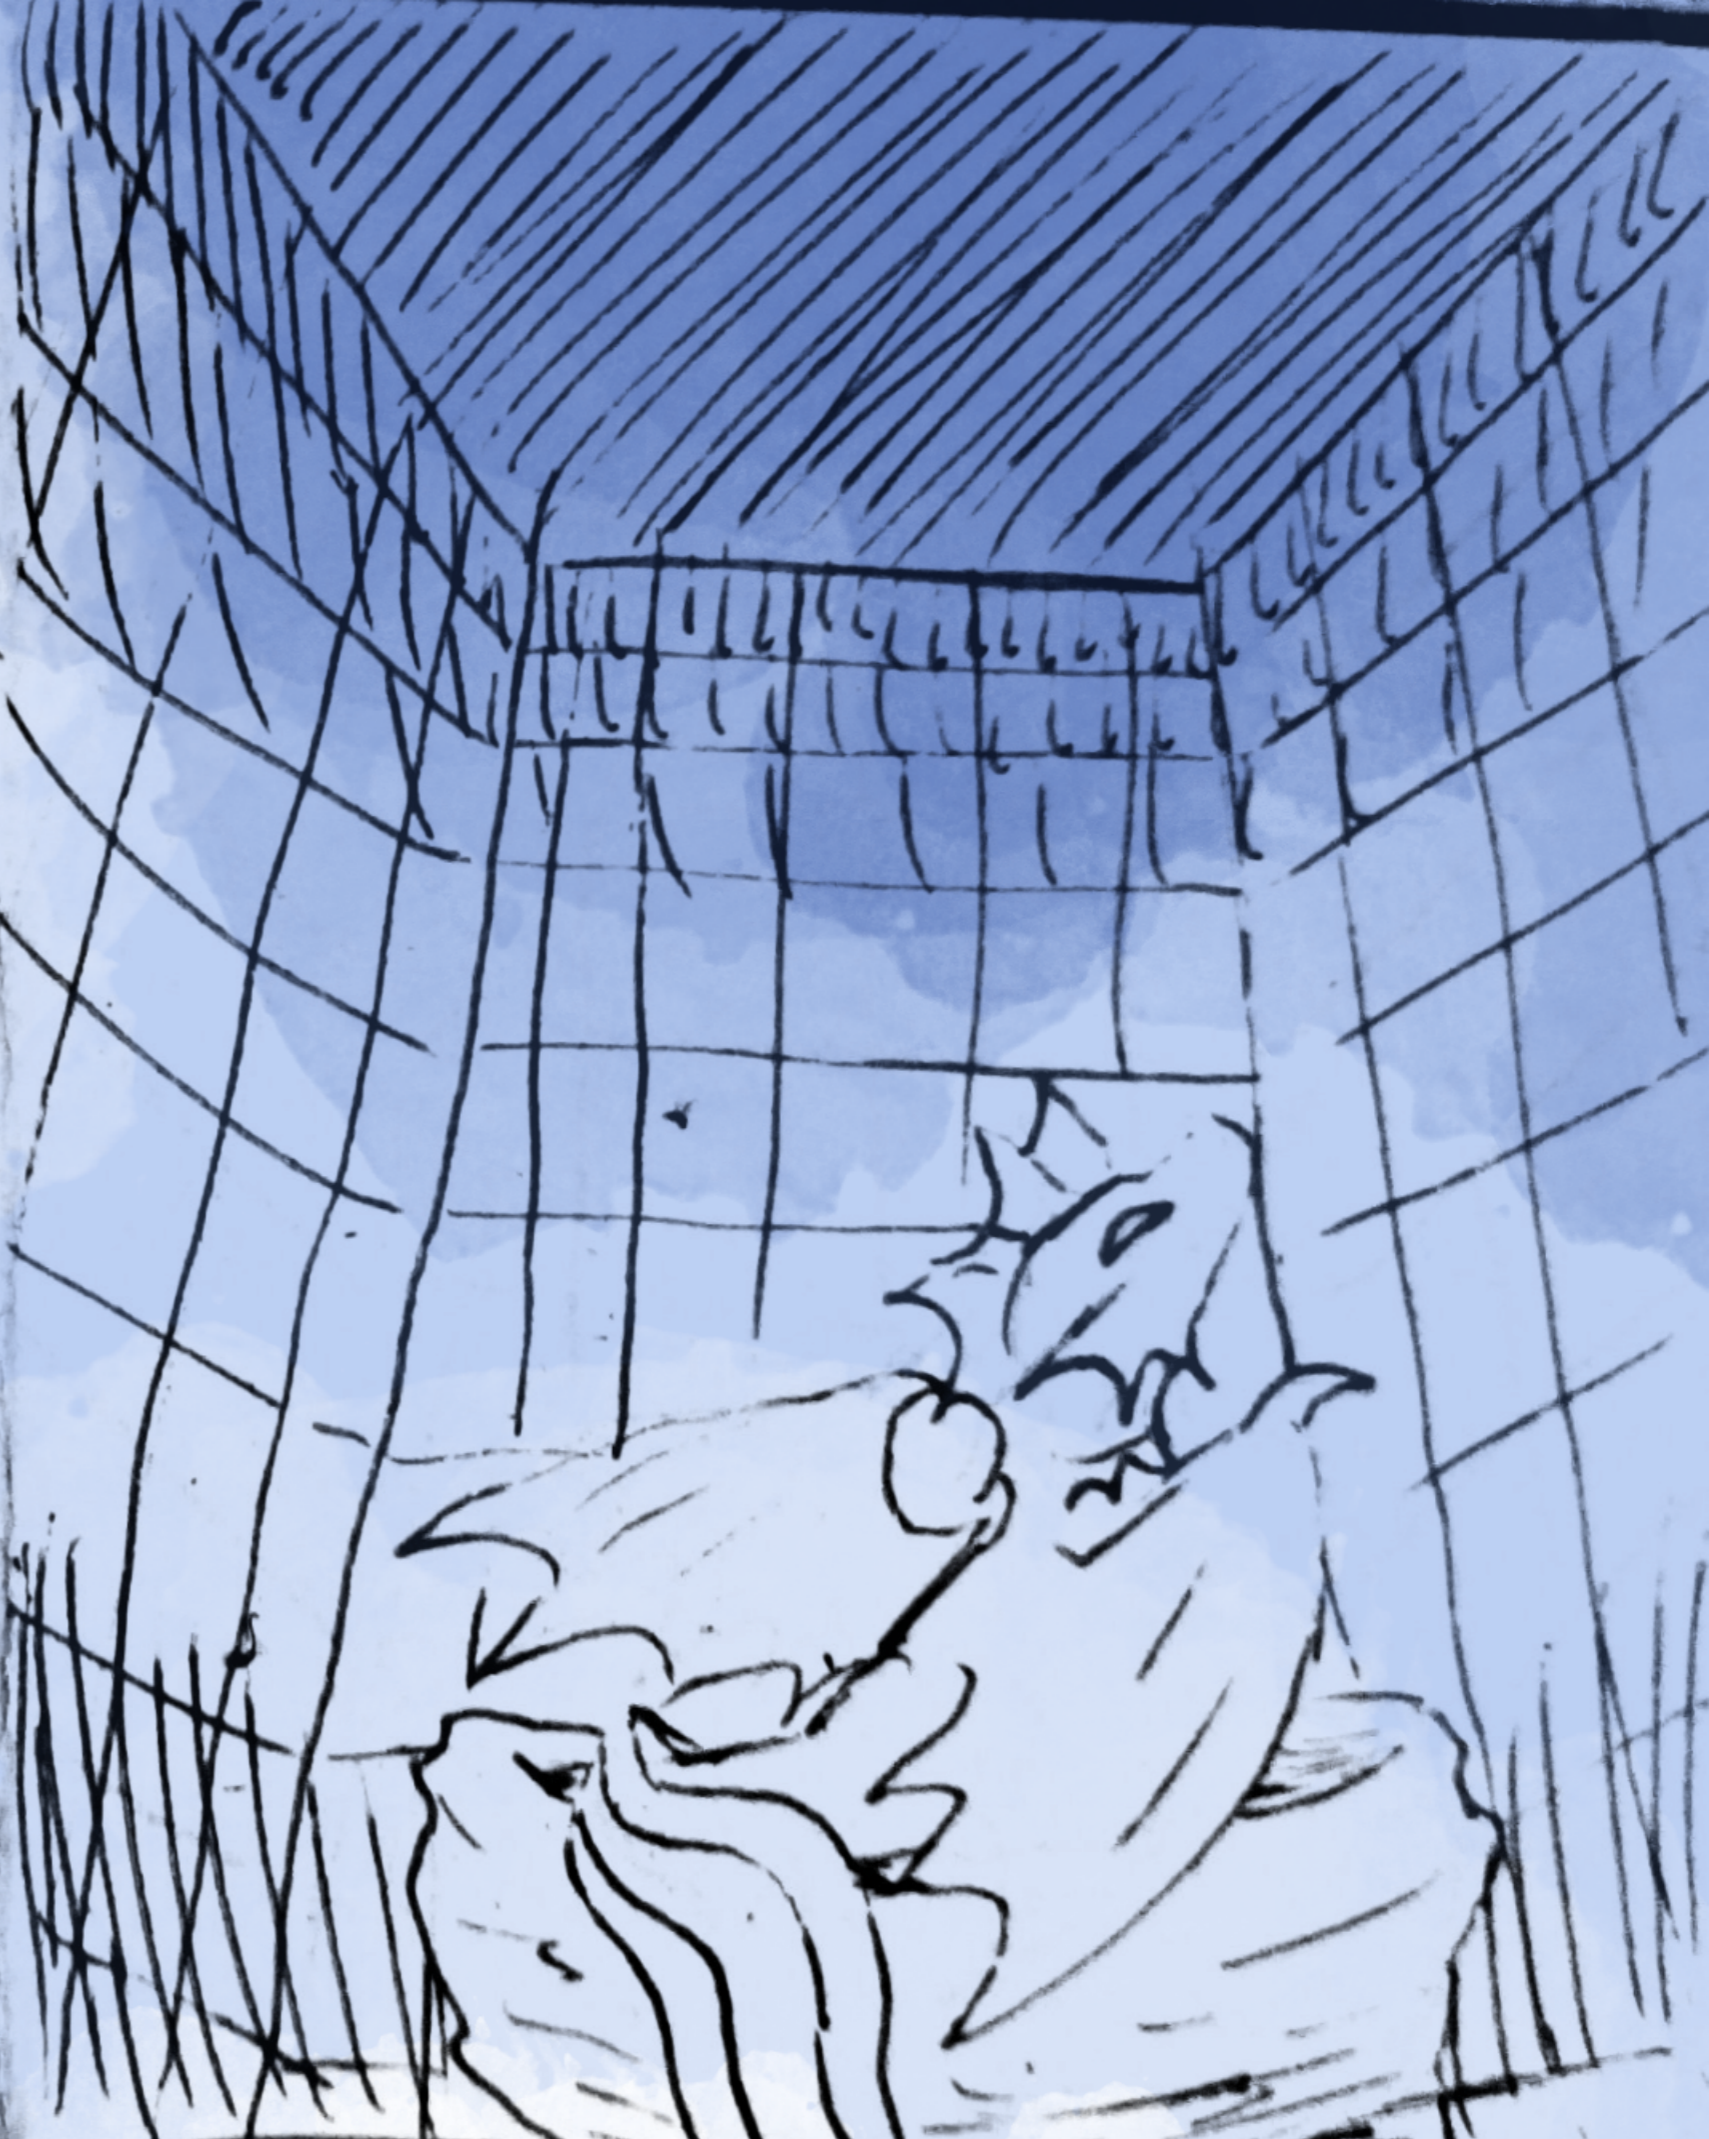

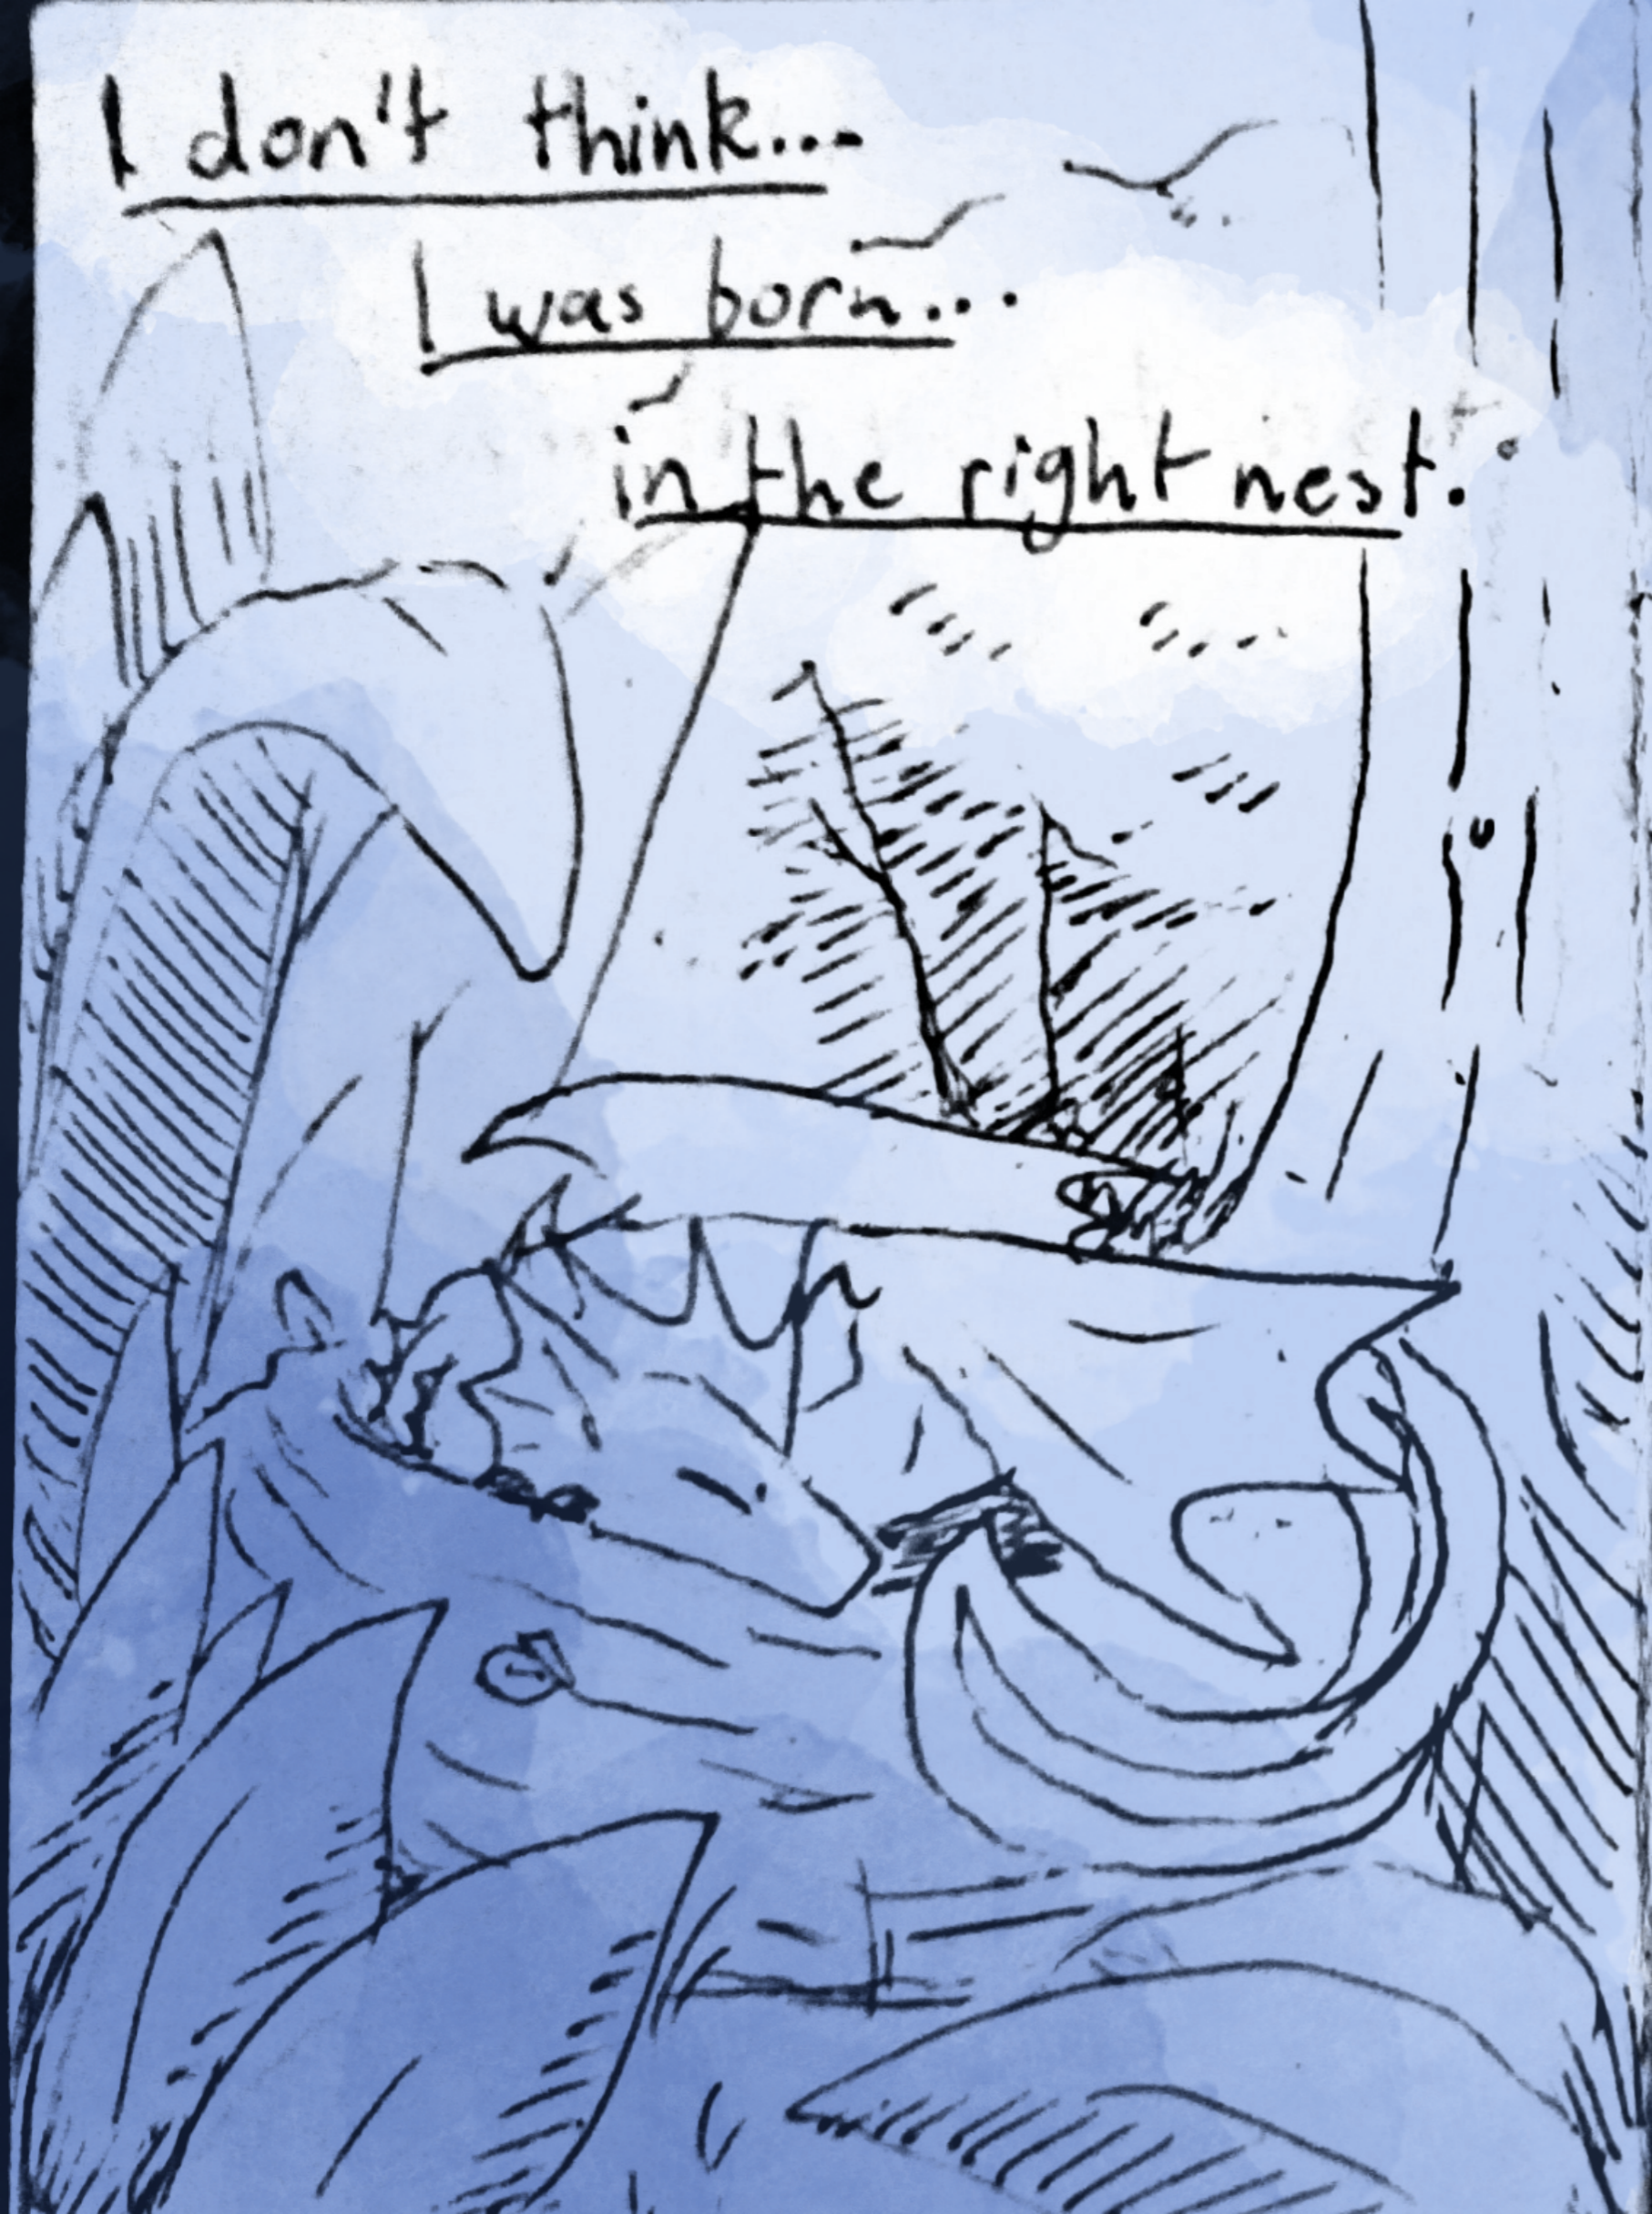

For the 2025 Alterhuman Mini-Zine Jam - Oceanic court (Tumblr)

I don't think...

I was born...

in the right nest.

There are
walls, bricks and tin.....

Where the trees
and sky
should be.

My body...
Isn't much
better.

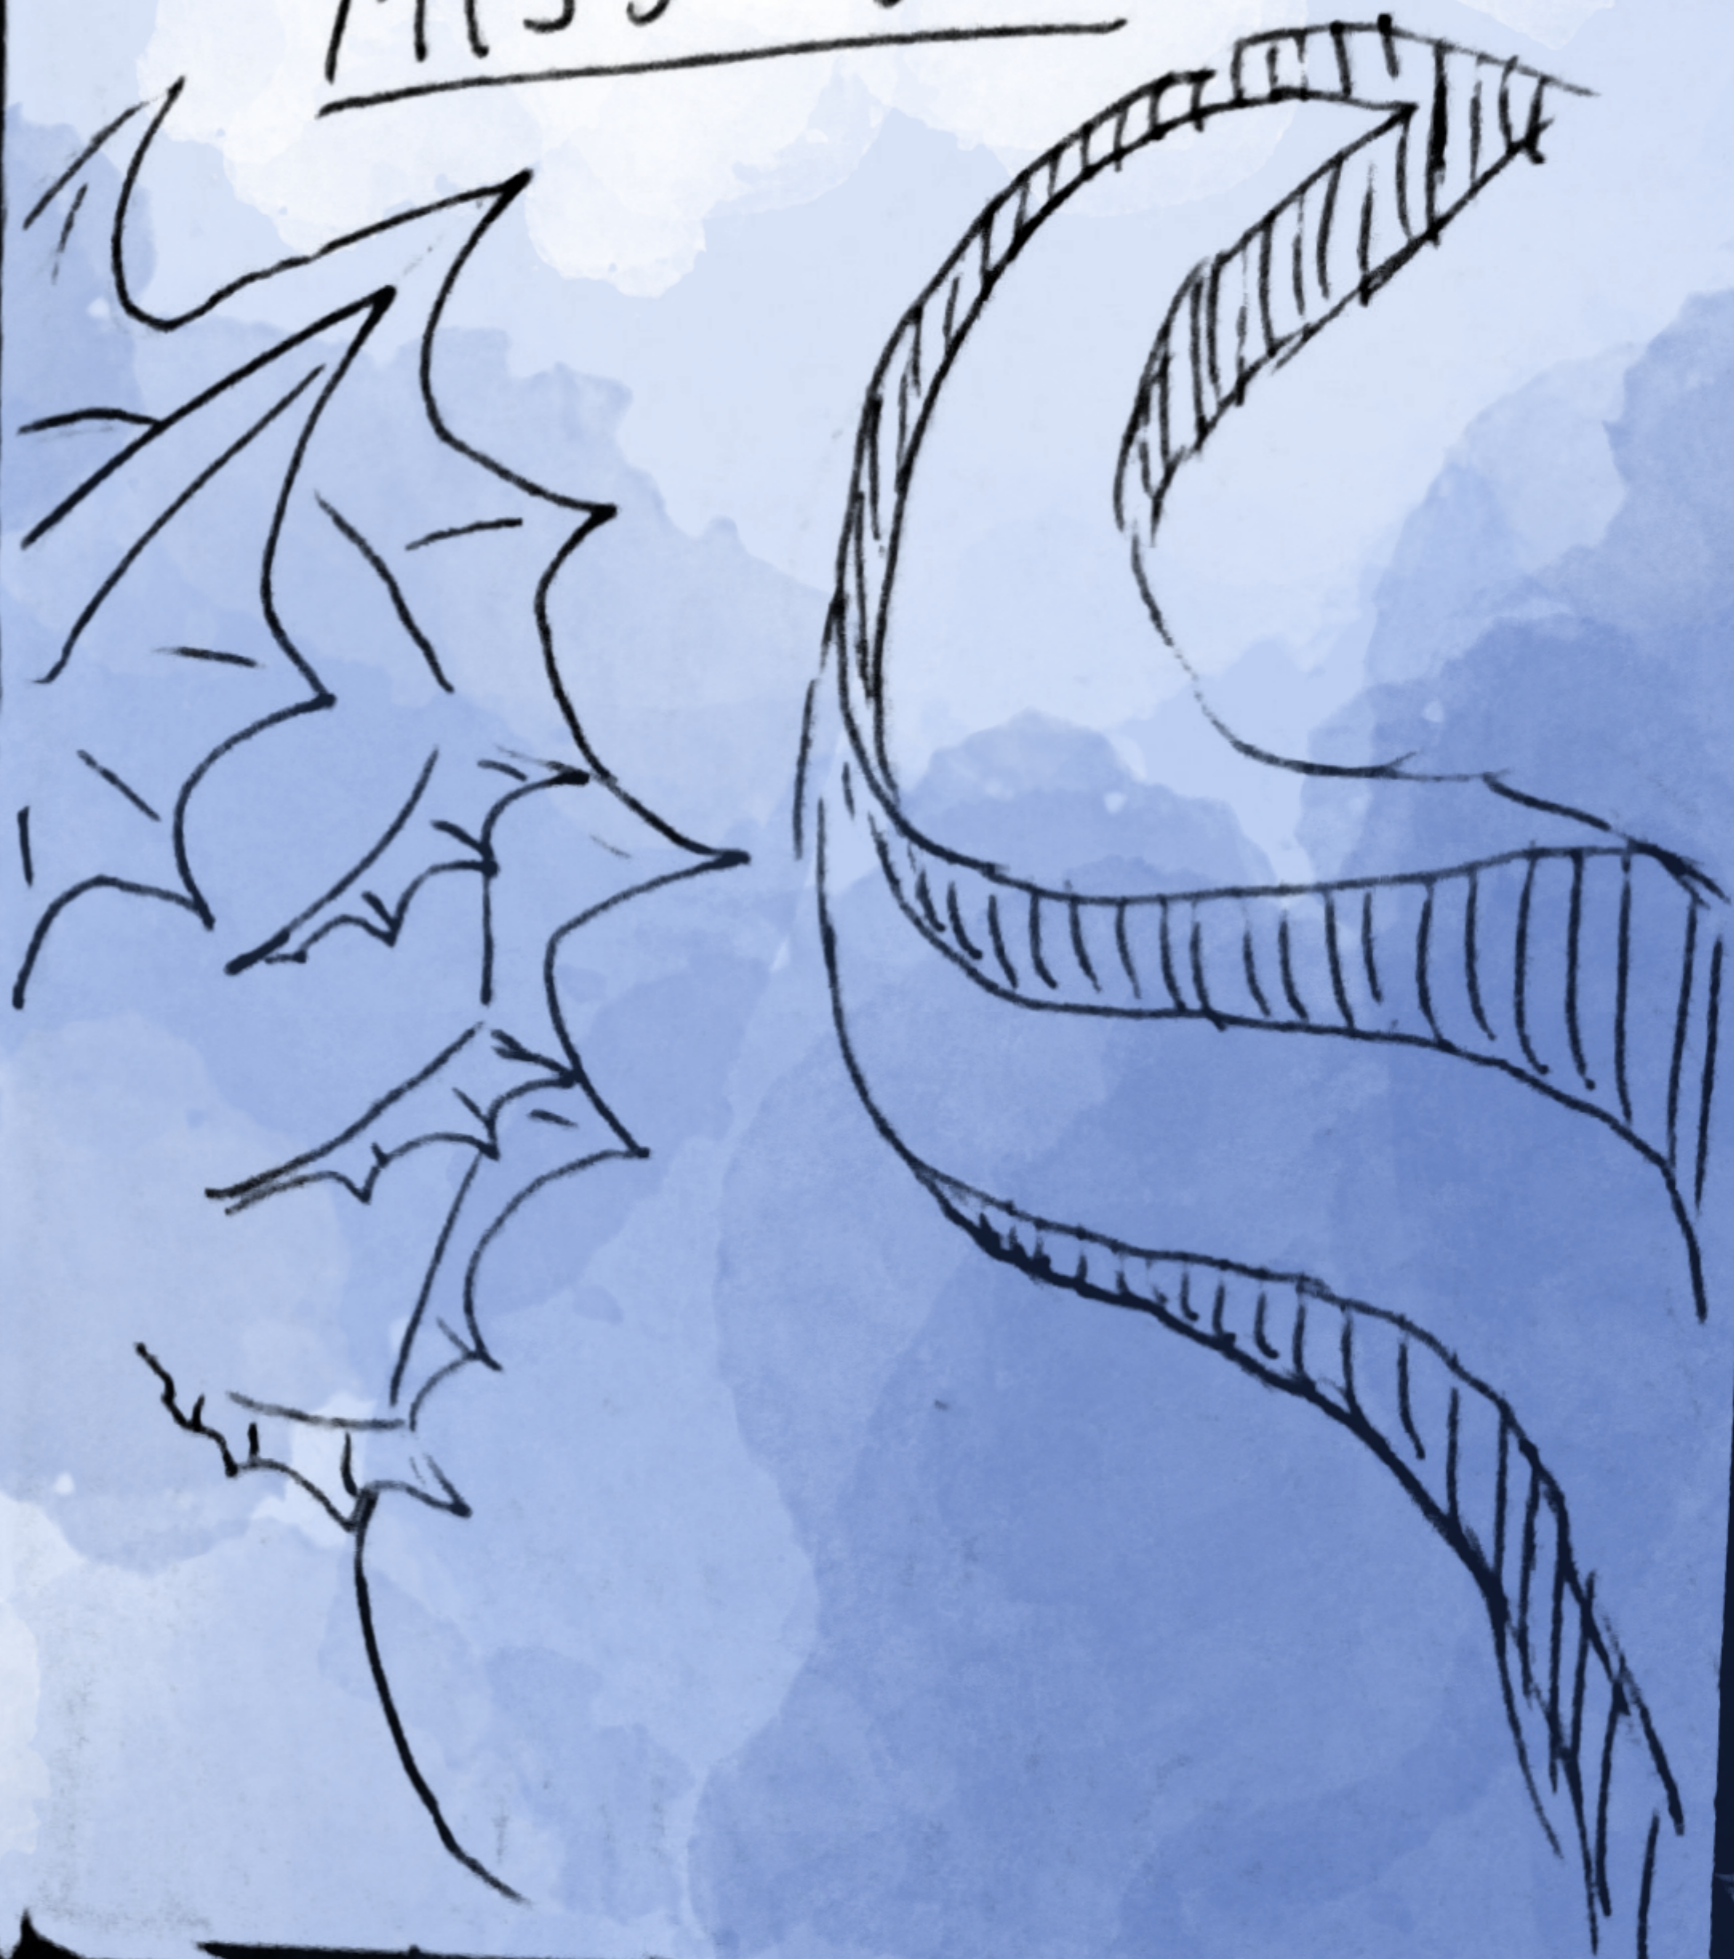

My wings
are still
here...

But they're stunted.

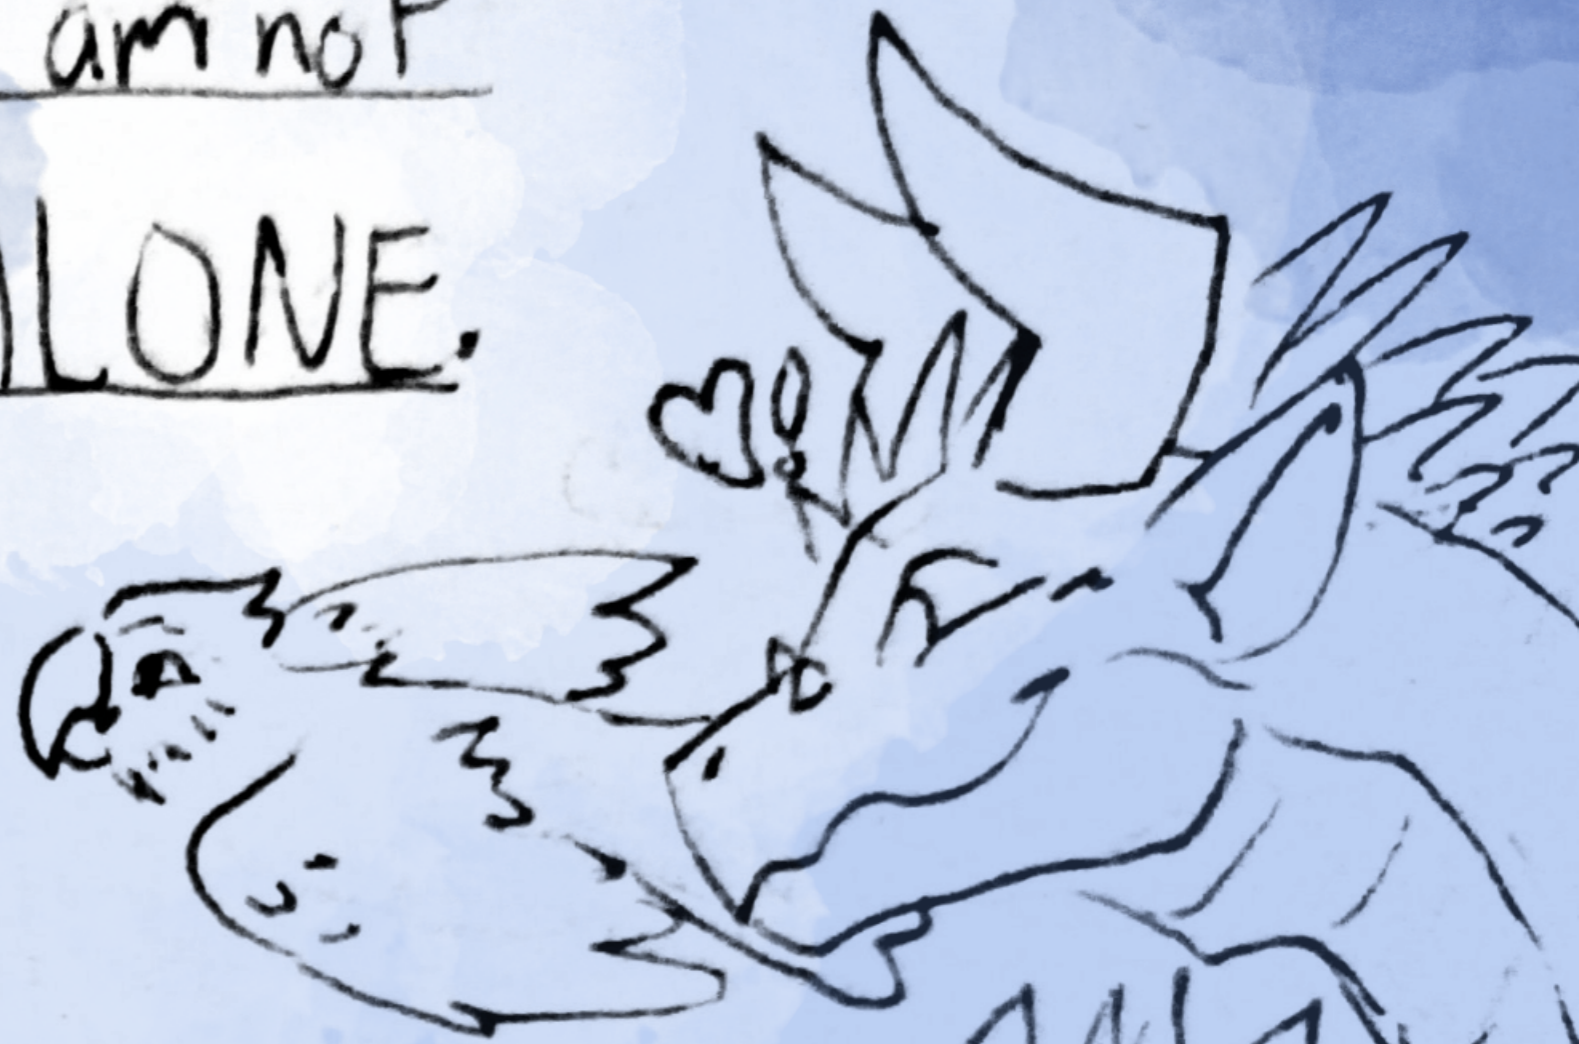

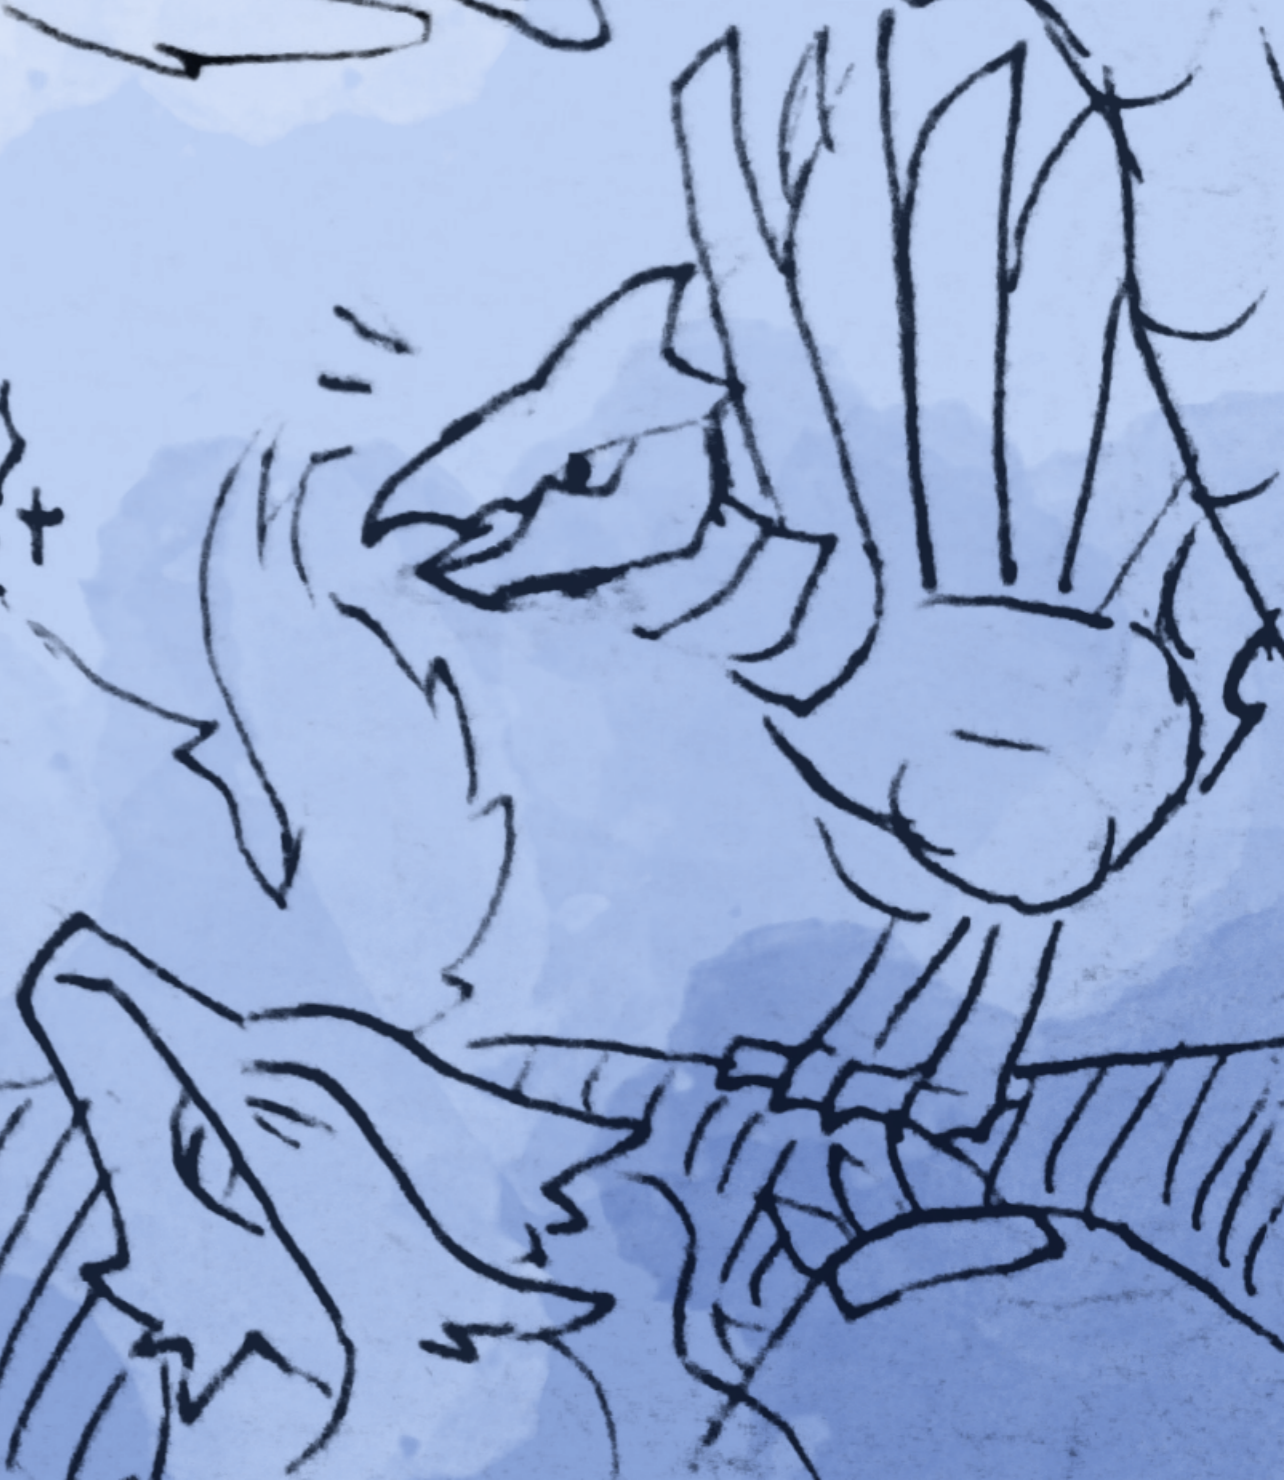

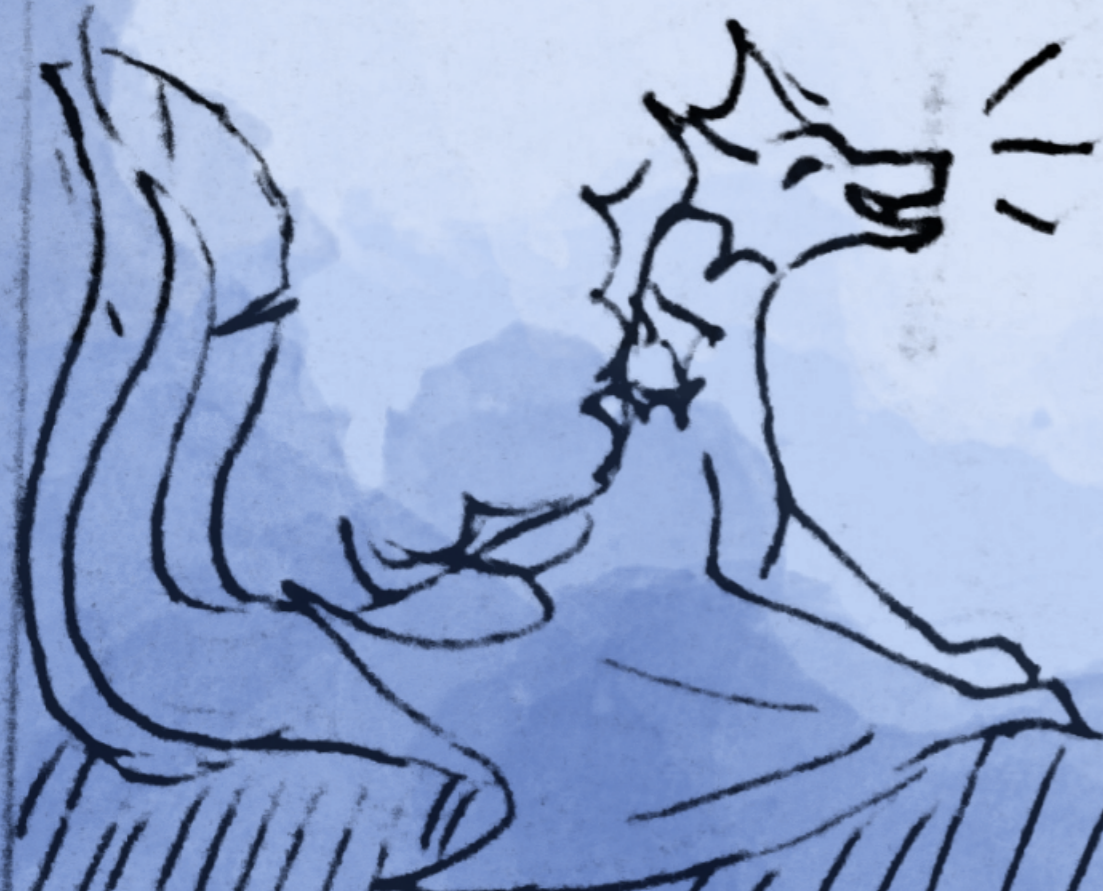

I have no scales or fins...
much is just
MISSING.

And yet...

Even here,

I am not
ALONE.
